

EXPRESSION OF INTEREST

Ministry of Economy

Design and Construction Supervision Consultants for the Nadi Flood Alleviation Project

The Ministry of Economy is seeking **Expression of Interest (EOI)** from suitably qualified consultant(s) to design and supervise the Nadi Flood Alleviation Project. The expected impact of the Project is to achieve, in a cost effective manner, a level of flood hazard protection for the Nadi flood plain that is desired and accepted by stakeholders. This will involve a combination of structural and non-structural interventions in a holistic catchment management approach that addresses flooding from all sources while at the same time minimising the adverse consequences of catchment land use. The management strategies will therefore integrate considerations of environment, economy, society and culture.

The scope of consulting services, to be provided by a consulting firm or an association of consulting firms (the Consultant) will consist of:

- (i) Detailed Design and Tender Services; and
- (ii) Construction Supervision and Employer's Representative Services.

Detailed scope of services is contained in the terms of reference.

Consulting activities related to compliance with social and environmental safeguards for the Nadi Flood Alleviation Project, as well as institutional strengthening, policy and planning support for non-structural aspects of flood management and mitigation will be conducted under separate, parallel consultancies.

Expression of Interest should be forwarded to the following address **no later than 4.00pm on 15 August 2017**. No late EOI will be accepted after this deadline.

Hand delivery or Post to:

Expression of Interest (Design and Construction Supervision Consultants for the Nadi Flood Alleviation Project)
The Permanent Secretary
Ministry of Economy
P.O. Box 2212
Government Buildings
Level 8, Ro Lalabalavu House, Victoria Parade
Suva
